

HON

Hospitality

AT YOUR SERVICE.

DESIGNED TO SERVE. BUILT TO LAST.

When seeking out a breakroom or cafeteria, individuals hope to find a space that's comfortable and inviting. When outfitting a breakroom, you're looking for pieces that are durable and easily reconfigurable. No need to worry, HON covers all your bases. The HON Full Lifetime Warranty guarantees that HON products are more than a smart purchase, they are a wise investment.

Shown with Flock® and Accommodate® seating, Arrange® Tables and Hospitality Cabinets. Inspired by Tranquility palette.

Shown with Flock® Seating, Tables and Hospitality Cabinets. Inspired by Java palette.

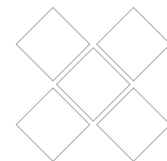

Shown with Hospitality Cabinets, Preside Tables, Ignition® and Endorse® seating. Inspired by Campfire palette.

Shown with Nucleus® seating, Arrange tables and Hospitality Cabinets. Inspired by Sprout palette.

STACK, STORE, REARRANGE, AND REPEAT

With hospitality seating options like Ignition, HON has chairs that can stack, slide, scooch and everything in between.

Arrange tables are available in a variety of heights, worksurface shapes and sizes to support private offices, common areas and collaborative settings.

Get a higher degree of comfort when using standing-height worksurfaces with Nucleus stools, which feature a fixed footrest for lower body support.

Flock Collaborative Solutions help people challenge one another, learn from others and receive the support they need.

Our Hospitality Cabinets can be tailored to any breakroom or cafeteria. Built to commercial-grade standards, these cabinets cost much less than custom millwork.

ENDLESS CONFIGURATIONS. COUNTLESS BENEFITS.

The ongoing demands inherent in hospitality settings emphasize the need to have a place for people to rest and relax. With furniture that's easy to move and clean, your space will be ready for whatever comes next.

When it's time to sit down and collaborate, HON products provide solutions that your business deserves. The combination of integrated technology and adaptable design encourage everything from impromptu encounters to dedicated touchdown spaces for mobile workers.
